## November 2010

### WEDNESDAY, NOVEMBER 10

**We want all of our students to wear red, white, and blue today.**

We are planning on honoring our Veterans and community members currently serving our country in any of the service branches.

We are inviting ALL veterans and military personnel to join Gr. 3-5 at 2:00 PM in the Elementary Gym. We want to honor your service and sacrifice for our nation's freedoms. Following our assembly, we will have the "Walk of Fame" and a reception in the Cafeteria for all veterans, military personnel, and their children or grandchildren.

Our speaker is **Nicole Case**, who started her career with the Army by attending the US Military Academy at West Point. She obtained a BS in Systems Engineering in 1993. Upon graduation, she was commissioned a 2<sup>nd</sup> Lieutenant in Military Intelligence and started her service in Fort Gordon, Georgia with the 513<sup>th</sup> MI Brigade. As a 1<sup>st</sup> Lieutenant she was deployed to Bosnia in December 1995 when we first transitioned the mission from the United Nations. She was in Tuzla with a team that provided Top Secret level communications through video teleconferencing via satellite for the local command (General Nash and General Cherry). It was this deployment

where she earned her Veteran status and also received the Joint Service Commendation Medal for her work. Her children attend WES-Hunter is in 3<sup>rd</sup> grade and Katelyn is in First Grade. Currently, she works full time at Reynolds & Reynolds as Director of Product Marketing.

### CONSTANCE MCGEORGE

began writing children's books because of a golden retriever named Boomer who she met while visiting his owner, friend and artist Mary Whyte. Inspired by Boomer's real-life experience during a household move, Connie and Mary decided to create a picture book about moving from a dog's point of view. Since that time, McGeorge has written numerous award-winning books for children, all illustrated by Mary Whyte. Her newest book CHESTNUT is a story, set in a city by the sea, about a horse that saves the day when his owner accidentally oversleeps and he must set off alone to deliver some special packages for a little girl's birthday. McGeorge has an undergraduate and master's degree in Education from Ohio State University. She lives in Ohio with her husband, two dogs and a horse. She is spending Tuesday, November 9 at WES!

**PRINCIPAL’S CORNER**

Everyday I hear parents say that they want their children to be successful in school. They want to give them more wonderful opportunities to learn and grow, whether it be Art Club, Chess Club, music, sports, etc. Our staff is committed to helping your child achieve to his/her highest potential. We believe in the importance of reading. Research shows that the amount of time (20/30 min./night) that students spend reading is the BEST predictor of Reading achievement. Please continue to encourage your child to read. When you are finished reading, practice those math facts!
