

## Olive Branch Campground Seasonal Opportunity!

We would like to hire local people to work with us at our campground this camping season. It's a fun environment and we thought it may be something our local SCHOOL STAFF would want to consider as part-time work in the summer months!

We're seeking friendly, healthy, energetic people to help with office duties, making reservations, running activities/events, and possibly some campground maintenance. The position would be part-time (20-30 hours/week). The availability to work some weekends and holidays is a must. We can discuss flexible hours at a negotiated hourly rate of pay (plus an end-of-season bonus for any seasonal staff that can work until end of season 10-31).

Please send your resume and a professional photo to: [viox@comcast.net](mailto:viox@comcast.net) and we'll make this your best summer job ever! Check us out on [OliveBranchCG.com](http://OliveBranchCG.com)!

Thank you so much and we look forward to hearing from you!
