

Writing Center

Mission Statement: It is our job to help fellow students focus, organize, develop, and revise all kinds of writing. Our role is to question and redirect while leaving control of the paper in the hands of the student-writer.

We are located in the High School Media Center. Find us just inside the main doors.

Please bring the following so we may have a productive conference:

A hard copy of your draft or pre-writing

The assignment sheet or prompt

The rubric

Any form your teacher has given you

A pen or pencil

An open mind

Your questions or concerns about your draft
