Template for Scheduling**

- Use this sample schedule as a guide to help plan your schedule for the upcoming school year.
- Write down your desired classes in the blank part of the boxes.
- Remember sciences are double blocked, if you are taking Honors Bio 2 you may want to add Hon Chem I if you have the *required* math prerequisite.
- Study Hall is optional, so you may take an additional elective (rather than Study Hall) if desired. However, a Study Hall is *recommended* on an 8 period day, and you should have plenty of room in your schedule for it.
