Junior Template for Scheduling

- Use this sample schedule as a guide to help plan your schedule for the upcoming school year.
- Write down your desired classes in the blank part of the boxes.
- Remember Chemistry is a double-blocked semester course. All Juniors should take Chemistry if they have not already.
- AP Chemistry/AP Biology are blocked as a YEAR course. Anatomy and Physics are 1 period/year courses. Use one of the templates below to help you. Remember you can try to schedule 2 sciences if desired.
- Career & College Readiness (FCS 11) is required for ALL juniors.
- Government (required) is a semester class (unless you take AP Government).
- Study Hall is optional, so you may take an additional elective (rather than study hall) if desired, but a study hall is *recommended*.
